Your move don't fit like a jigsaw baby  
You say you want to be my man  
You better hurry quick cause this girl is hungry  
For more than just a one night stand

Said, it'd sure be nice  
To quench this appetite  
But if you won't stay  
I'll walk the other way

Some people live their whole time searchin' lonely  
Like the story of my cousin Bill  
He spent his whole life a hustlin' black-jack junkie  
Chasin' woman and a poppin' pills

He said, it'd sure be nice  
To quench this appetite  
But if you won't play  
I'll walk the other way

No matter what I try I'm still unsatisfied  
Lookin' for somethin' better  
Everything will be all right  
No matter what I try I'm still unsatisfied  
Lookin' for somethin' better  
**UNSATISFIED, UNSATISFIED**

Some people live their whole life searchin' empty  
Like the story of my sister Jill  
She spent her whole life a two-bit in-debt hussie  
Spendin' money just to get her fill

She said, it'd sure be nice  
To quench this appetite  
But if you won't pay

I'll walk the other way

And I try, oh I try to get that feelin'  
I try, Oh I've tried to forget all the pain  
From my life for so long  
But I've taken so much of much fix  
All the feelings gone
